## MxO FAN SITES

Fan site support has always been a big part of any MMORPG community. THE MATRIX ONLINE was lucky to have several very dedicated fan sites over the years. We'd like to take this opportunity to acknowledge and salute some of those sites. Thank you to everyone who took any part in keeping the fan sites running, whether it was as an administrator, designer, web master, contributor, or member.

Algorithm: Black was the landing site for many MxO players interested in ARG's.

Catzi Radio provided audio enjoyment for all of Mega City.

Fifth anniversary of The Matrix: March 21st, 1999 - March 31st, 2009

I look up at the stars, various shapes are shining  
Just like the constellations, only by connecting them with lines does a legend start  
Aurora. Go through the flicking dimensions  
Dive into that straying parallel world

On the road, everyone is the middle of a journey  
to find the real self  
The road will probably continue to change towards a new dawn  
Be witness to it, Journey through the Decade

Welcome to my attempt at making a centralized web site for MxO live event transcripts. This is a constant work in progress. Just a couple of notes before we begin.

- This is my first web site, despite the fact that I've been using the net since the mid '90s. Hosting, site design and utilities have been provided by Daniel Robson, as my interest in making this site look nice wasn't very high.
- Many of the transcripts on this page have been copied by me from other sources. I did this so I could have an archive of them in case the sites I found them at went down permanently (and some did). I mean no harm, and I'm not taking responsibility for the transcripts that are not mine. If you need to contact me about this, send a calm and reasonable email to me.

**Special Thanks**

- To Romax, for inspiring me to actually make a web site.
- To Paul Chadwick, for making a story that uses the potential that the Matrix franchise has.
- To Aether and the original LET.
- To Rarebit, for not only being a one-man-LET, but for writing the critical missions, creating new characters, making a couple hundred pill icons, fixing the foundation of the SOE Seattle building, protecting us from meteors, etc. Seriously, this guy deserves a big vacation. Or at least some more dew to help him out.

Archival Science was an awesome source for centralized MxO live event information.

EVENTO DEL 2° ANNIVERSARIO NR29-07 - Il Virus Smith

È passato un altro anno ricco di avvenimenti e colpi di scena all'interno della Matrix. E questa volta, gli operativi dovranno affrontare una loro vecchia conoscenza, un ritorno dal passato ormai sepolto. Un pericolo che minaccia tutte le organizzazioni, tutti gli umani connessi alla Simulazione. Anche questa volta lo sfarzo per uscire indenni dovrà essere congiunto e notevole.

## MxO PLAYER GATHERING 2009

From June 25<sup>th</sup> to June 28<sup>th</sup> 2009, Sony Online Entertainment held its yearly Fan Faire event in Las Vegas, Nevada. On Friday the 26<sup>th</sup>, the MxO players that attended Fan Faire were invited to an MxO Player gathering. They met in a conference room with SOE staff that had worked on THE MATRIX ONLINE with development, community relations, and customer service. (Walrus, Greeblen, Raijinn, Virrago, and Moonlite.)

After lunch and some discussion, Greeblen handed out some goodie bags to our MxO friends which included some fun and seemingly random items that referenced THE MATRIX ONLINE and the movies, as well as a custom Thank You postcard (the silly string was just for fun though).

Later, everyone posed for a group photo, which also turned out to be an ambush for Raijinn (he'd left the room for a few moments and a plan was put in place for his return). During the photo shoot, the silly string was deployed and, well, Raijinn got covered in the foul smelling green stuff, but was an excellent sport about it.

At the end of the gathering, the group went to the SOE Green Screen booth in the Crossroads area and posed for another group photo, this time with the postcard image in the background.
